**SUBJECT : CLARIFICATION ON THE ERC RESOLUTION NO. 14, SERIES OF 2022**

---

Greetings of Peace and Solidarity from PHILRECA!

This is in reference to the recently approved Resolution No. 14, Series of 2022 "Revised Rules Governing the Automatic Cost Adjustments and True-Up Mechanisms and Corresponding Confirmation Process for Distribution Utilities" of the Energy Regulatory Commission (ERC).

Kindly be informed that pursuant to the published ERC resolution, all obligations under the said resolution shall commence **on January 1, 2023**. Further, per consultation with the Commission, adoption and use of the newly prescribed Uniform Reportorial Requirement (URR) spreadsheet template is effective this January 2023 but filing through online submission would be **on April 2023**.

While we understand that ERC will only be starting its workshop/training on revised URR by the end of January to March 2023, the Commission provided that they may discuss the changes or other concerns of the electric cooperatives on the new template during their scheduled workshop/training.

For reference, we have attached a copy of the ERC Resolution No. 14, Series of 2022.
